REMARKS

The present amendment is being submitted to submit formal drawings and amend the title that was amended by the Examiner's Amendment included with the Notice of Allowance dated October 18, 2006. The amended title is believed to more accurately reflect language in the allowed claims. Therefore, the applicants respectfully request the present amendment to be entered prior to patent issuance.

In addition, the Notice of Allowability indicates that the certified copy of the priority document has not been received. Enclosed is a copy of a postcard showing that the certified copy of the priority document (EP02425620.8) was received on March 8, 2004. As a result, the applicants request the Examiner to acknowledge receipt of the certified copy of the priority document and cause the priority claim to appear on the front page of the patent to be issued.

The Director is authorized to charge any additional fees due by way of this Amendment, or credit any overpayment, to our Deposit Account No. 19-1090.

All of the claims remaining in the application are now clearly allowable.
Favorable consideration and entry of this Amendment are earnestly solicited.

Respectfully submitted,
SEED Intellectual Property Law Group PLLC
